

## Cloud Easy – The Cloud Made Easy.

Cloud Easy expands your business capabilities to drive unparalleled productivity.

### Why choose Cloud Easy?

One of the largest drivers of disruption and changing business environments across all industries is the emergence of new and smarter technology that's growing infinitely.

Cloud Easy delivers unprecedented efficiencies and highly scalable and secure platform, delivering long term value to your people and business all from the cloud.

#### Innovative Cloud Platform

- Reduce capital spend, avoiding lumpiness of IT costs
- Provides unprecedented efficiencies and business insights
- Highly scalable platform to grow as you grow, without sacrificing performance
- Access to data off premise, anywhere and anytime

#### Drive a Competitive Advantage

- Increase efficiencies of IT department and overall business
- Reduce costs and eliminate in-house hardware operational costs
- Minimise disruption and expand business capabilities
- Delivers long term value to your business
- Cloud Easy offers simple per user per month pricing

#### Leverage Integrated Technology

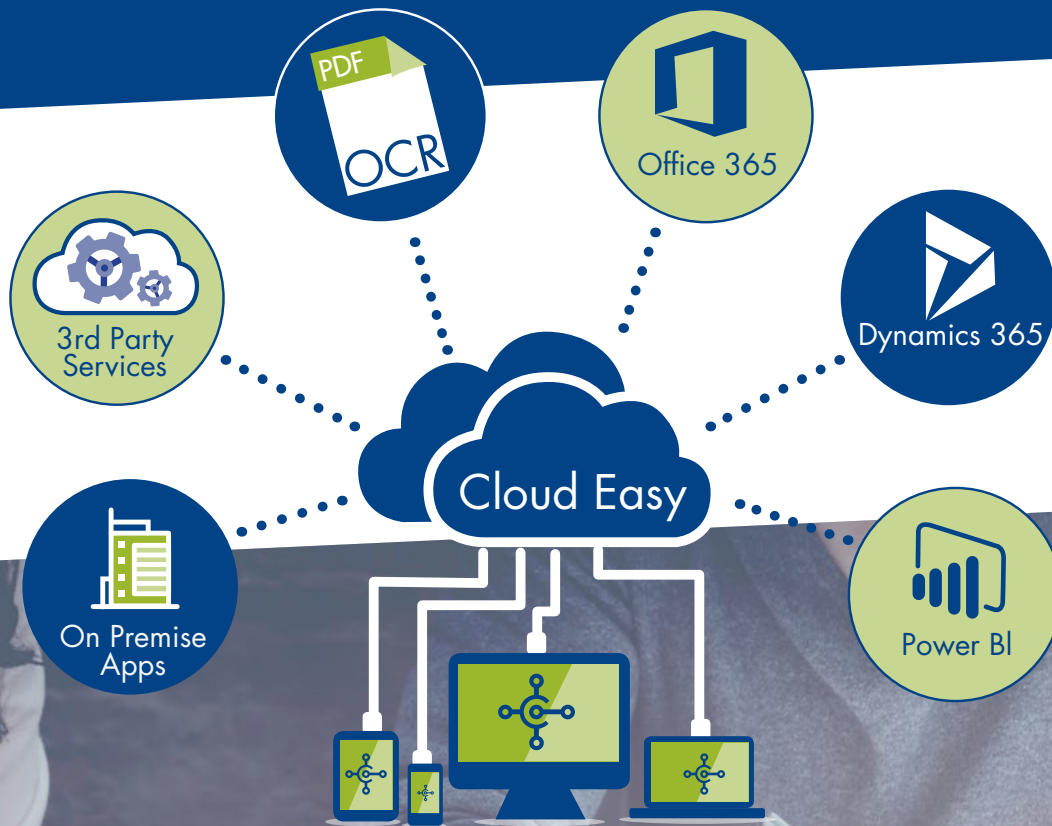

- Accessible and connects effortlessly to your business application
- Transforming a mobile workforce into a connected team
- Designed to provide highest level of security and performance
- Seamlessly integrated with modern technologies (Office 365, Power BI, Dynamics 365 and custom web services)

#### Trusted and Secure Platform

- Full ownership of your data
- Data centres located here on Australian soil
- Higher level of data security, backups and redundancy than in-house systems
- Continuous monitoring and updates with current software upgrades and patches
- Secure cloud platform with disaster recovery and data backups

Cloud Easy powered by Microsoft Azure will help your business become more agile and responsive to changing conditions, consolidating your data and processes into one unified application on the cloud.

*what our clients say...*

"EBS go above and beyond to ensure a successful roll out of our Cloud Easy solution. They have a supportive team with a hands-on approach to make it happen. Their main goal was ensuring our core needs and objectives were not only met, but exceeded with their attention to detail and enthusiasm to deliver the highest quality of personalised service and ongoing support."

**Aroona Farms, Financial Controller, James Loechel**

"They are specialists in Cloud and business solutions with dedication and customer service you rarely see in businesses these days."

**Yarra Valley Snack Foods, Managing Director, Ben O'Connor**
